

## Dr. Miles' Nervine Triumphs.

Excessive Nervousness from Childhood.  
La Grippe Brings on Heart Weakness.

REV. D. P. SPAREY, pastor M. B. church, Buchanan, Ga., writes Dec. 10, 1897: "In childhood I was afflicted with excessive nervousness, which, almost developed into St. Vitus' dance. I was frequently recovered, but as college I gradually grew worse. Close study aggravated the trouble; any unusual exertion caused trembling all over. In 1891 I had a severe attack of La Grippe which brought on heart weakness. I had been almost constantly under treatment for nervous troubles, and changed climates frequently without avail. Last February I began taking Dr. Miles' Restorative Nervine and Nerve and Liver Pills and since then I have been studying more and working harder than for years and the good effects that have resulted seem to be permanent. Dr. Miles' Restorative Nervine, bottle of pills or money refunded. Book on Heart and Nervousness free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

### CHURCH NOTES.

The A. M. E. church will hold a series of meetings commencing tomorrow and continuing every evening next week. Sunday, March 28 will be the quarterly meeting at which time the presiding elder will be present.

Honored.

R. W. Irwin has been appointed aide de camp with the rank of colonel and August Elsner assistant inspector general with the rank of colonel on the staff of the national commanders of the Union Veteran Legion.

Few people know that all plants contain digestive principles. They cannot absorb their food until it is digested any more than animals can. The Mount Shakers have learned the art of extracting and utilizing these digestive principles, and it is for this reason that their Shaker Digestive Cordial is meeting with such phenomenal success in the treatment of dyspepsia. The Shaker Digestive Cordial not only contains food already digested, but it also contains digestive principles which aid the digestion of other foods that may be eaten with it. A single 10 cent sample bottle will be sufficient to demonstrate its value, and we suggest that every suffering dyspeptic make a trial of it. Any druggist can supply it.

Laxol is the best medicine for children. Doctors recommend it place of Castor Oil.

Bilious Colic.

Persans who are subject to attacks of bilious colic will be pleased to know that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy, and if taken as soon as the first indication of the disease appears, it will prevent the attack. For sale by C. W. Milhous.

DON'T.

The United States postal department has sent Postmaster Price quite a bunch of circulars reading as follows:

"Don't mail your letter for valuable package without having your own address written or printed upon the upper left hand corner.

"This will insure its return to you if not delivered, and will prevent its being sent to and opened at the Dead Letter office."

The REPUBLICAN will furnish you envelopes with your return notice printed on them cheaper than you buy the envelopes in small quantities. Call at the office and see samples.

### Death of Mrs. Joseph Kling.

People of this city were shocked to hear of the death of Mrs. Joseph Kling who died at 8:30 o'clock Saturday morning, March 20, 1897, with pneumonia, after an illness of only five days. She was attacked Monday morning with a severe chill followed by the disease which resulted in her death.

Mrs. Kling was born in Bath county, Ky., December 33, 1830. When only four years of age she came to Jennings county with her parents. August 13, 1858, she and Joseph Kling were united in marriage in Seymour which has since been their home. Mrs. Kling was a womanly woman, an affectionate wife and mother and held in high esteem. A husband and one daughter, Mrs. Col. H. B. Dunbar, of Cincinnati, and one sister, Mrs. Sarah Gonglon, of Seymour, survive who have the sincere sympathy of their many friends. The remains will be taken to Cincinnati for cremation.

### Death of George Able.

We are called upon to announce the death of George Able who breathed his last at 6:40 o'clock Saturday morning, March 20, 1897, aged twenty-nine years, eleven months and fifteen days. George Able was born near Jonesville, April 6, 1867, and he came to Seymour when quite young with his parents and has resided here since. For some time he was a clerk in the postoffice under the administration of Philip Wilhelm and he was one of the most skillful that was ever employed there. Some eight years ago he was appointed mail messenger on the B. & O. and did his every duty well. About a year ago he lost his health with catarrhal trouble causing him to lose his hearing. His condition continued to decline till death came to his relief. Mr. Able was one of our most worthy young men. His parents, four brothers and four sisters survive and have the tenderest sympathy of their large circle of friends. The funeral will take place Monday forenoon, March 22, 1897, at 10 o'clock from the residence Rev. Thos. Jones officiating.

### Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75 cents.

## DEATH OF BRUCE EWING.

The brief message received yesterday evening announcing the sudden death of Thomas Bruce Ewing at Dallas, Tex., cast a deep gloom over the hearts of all our citizens who knew him in the days of his boyhood or who have known him since he attained to the years of maturity.

For the last twenty years Mr. Ewing has been engaged in railroad business and has been for most of the time located in the west and south. His visits to his mother and sister were frequent but brief, and hence many of our present citizens had but little opportunity to become intimately acquainted with him.

Bruce Ewing was born in Brownstown and after acquiring the best education then possible at our common schools, entered Wabash College and graduated at that institution. His intention, at first, was to enter the legal profession for which his mind seemed to be happily adapted, but as he believed that field was full, and that better opportunities were open for constant employment in the railroad business, he abandoned the books of law for the ledgers in a railroad office.

He soon won a reputation in this employment that opened the gates to promotion at his will, and for many years he has been regarded as one of the most efficient of railroad clerks. At the time of his death he filled one of the most important positions in the office of the auditor of the M. K. & T. Ry at Dallas.

Bruce Ewing was born with a noble soul, a broad mind, a genial disposition and a true heart. From palfy childhood to active manhood his course was guided by the laws of justice, and in all his life no act of his was ever prompted by the spirit of malice, revenge or envy.

He was a lover of mankind, and he set no opportunity pass in rendering what assistance he could to his neighbors and co-laborers. He revered the aged and in hours of rest or recreation loved to sit down with those of advanced years and cull from them the pleasing reminiscences of the past. While he seldom entered into frivolous society, or participated in frivolous amusements, his spirit danced to the music of social glee, and his heart thrilled with pleasure at the happiness of others.

In manners Mr. Ewing was graceful, but plain. There was no pretense or affectation about him. Had he been the possessor of millions he would still be the same unostentatious man; had he been reduced to pennies he would still have retained his sterling integrity and uncompromising independence. He was a devoted son and brother, a warm and steadfast friend and an honest man. To be more would be divine.

## Dangers of the Grip.

The greatest danger from lagrippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for the grippe, we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventive of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by C. W. Milbous, druggist.

## Annual Thank Offering.

The annual thank offering of the W. F. Society will be observed at the M. E. church tomorrow. Miss Dickson, conference secretary, will deliver an address. A letter recently received from Miss Carrie Heaton will be read. Special music will be rendered. The ladies of this auxiliary extend an invitation to every lady in Seymour interested in missionary work. The general public is cordially invited.

## CHURCH NOTES.

Rev. M. O. Puhl left last night for Piqua, O., where he will preach Sunday.

Some powerful revivals are in progress in many cities of the state and hundreds have found comfort in the blood of a crucified Saviour.

Rev. S. H. Huffman, of Seymour, and Rev. Allen Hill and wife were entertained yesterday by Mr. Riggs and wife at their home in east Franklin.—Franklin Star.

The New York Tribune says that Hon. Will Cumback wants to be minister to Hawaii. If he gets the place, there will not be any American flag door-mats on those islands.—Rushville Republican.

The experiment in colleges in making the attendance upon chapel duty "a voluntary act upon the student" has not been a success. Dr. Harper of the Chicago University acknowledges that fact. The old rule never hurt a collegian in the days of our fathers, and it won't now. Better return to it. It won't hurt "the independence" of any American youth.—Chicago Inter Ocean.

## The People Agree With Him.

At a Wabash alumni dinner recently Governor Mount gave utterance to some striking truths relative to higher education in the state. Among other things he said: "The colleges of our state are performing a noble work. Equal encouragement, equal privileges, equal rights and equal advantages, should be accorded to all the higher educational institutions preparing young men and women for the professions. Public aid to one minitates against and is prejudicial to another doing the same work. The public should not be taxed to maintain higher educational advantages for the few. Equal and exact justice to all our colleges demands that they should stand on equal ground."

## Teachers' Association.

The Southern Indiana teachers' association will convene at Franklin April 8th to 10th. Superintendent Feathergill and his assistant at Franklin are making preparations to entertain the largest crowd that ever attended this association. They are expect 700 or 800 teachers there. The Seymour teachers will attend in a body.

## DIED.

William Smith, a former well known and esteemed citizen of Seymour, and who was an employe of the Woolen Mill died Friday, March 19, 1897, at his home at Mayfield, Ky., aged some sixty-three years. He held an important position in the Woolen Mill at Mayfield.

# HEALTH IN MARCH, APRIL, MAY.

## Use the Only Spring Remedy in the World That Has Stood Every Test of Time.

### Paine's Celery Compound Makes One Well.

In March, April and May use Paine's celery compound.

And only Paine's celery compound! For it is nature's remedy.

Do not for a moment confound it with the ignorant, catchpenny, short-lived patent remedies—sarsaparillas, nervines and tonics that bear as much resemblance to Paine's celery compound as the parasite vines do to the oaks that they live on.

Paine's celery compound cures disease. It makes people well. It has saved the lives of thousands of sufferers. It makes the weak strong. It purifies the blood and enriches the nerves.

Every condition of winter life has been detrimental to health. There has been a steady decline in nervous vigor. Now that spring comes the body is ready to cast off unhealthy tissues if it is only given a chance. This opportunity comes when the excretory organs, kidneys, skin and bowels are made to work actively and the nerves are able to furnish sufficient energy to the digestive organs.

No remedy in the world accomplishes these results like Paine's celery compound. It nourishes, regulates and invigorates the entire nervous system from the brain to the minutest nerve filament. It causes an increased appetite and tones up the stomach to deal with the increased food. Its nourishing action is immediately manifest in a clearing up of the muddy, unhealthy skin, an increase in weight and more refreshing sleep.

First discovered after laborious, scientific research by the ablest physician America has produced, Prof. Edward E. Phelps, M. D., L. L. D., of Dartmouth college, it is prescribed and publicly endorsed by the best practitioners in every city of America. It has been so enthusiastically recommended by grateful men and women in every walk of life that it is today in every sense the most popular remedy the world ever knew. It has proven itself the greatest of all spring medicines.

In New York, Chicago, Philadelphia, Boston, St. Louis and two or three other large cities, the leading newspapers mak-

ing their own canvasses again this year, have found that the demand for Paine's celery compound surpasses that of all other remedies together!

Paine's celery compound, taken during the early spring days, has even more than its usual remarkable efficacy in making people well. It makes short work of disease. It rapidly drives out neuralgia, sleeplessness, dyspepsia and rheumatism from the system. It removes that lassitude, or "tired feeling," which betokens weakened nerves and poor blood.

Women working in close offices, saleswomen tired out and nervous from long hours' standing on their feet and waiting on impatient, irritating customers; overworked, worried and disheartened men and women everywhere will be astonished to find how much happier life becomes when their nerves have been strengthened and their blood purified by means of this great remedy.

No other remedy has the hearty approval of a like body of educated men and women and professional men, nor has there ever been a remedy that was

welcomed in so many intelligent, prudent homes where pains are taken to get only the best in so vital a matter. In such families all over the country Paine's celery compound is the first, last and only remedy used.

Prof. Phelps had studied the nerves in health and disease, when well nourished and when under nourished, in men and women and children years before he looked for the remedy. Paine's celery compound is the outcome of his entire professional life. It is the one remedy that the world could not lose today at any price.

Paine's celery compound induces the body to take on solid flesh.

Physicians recognize Paine's celery compound as the one scientific spring remedy, and it is universally prescribed by them wherever there is great need of a vigorous and prompt restoring of health and strength to the worn out system.

Paine's celery compound is the best spring remedy because it is more than a mere spring remedy. It brings about a healthy appetite, complete digestion,

regular action of the bowels and the other excretory organs whenever taken, whether in summer or in winter, but as the greatest of spring remedies it has extraordinary opportunities for inducing the body to throw off morbid humors that poison it and cause rheumatism, neuralgia, heart trouble and a general low state of the health, as in spring the system is more pliable and chronic diseases so securely lodged in the system that they are with difficulty ousted, become more tractable.

Thousands of men and women have found from personal experience that Paine's celery compound makes people well, and keeps all from sickness who take it in the spring.

Many a father and mother have noticed the unmistakable improvement in the health of their children from taking Paine's celery compound in the spring. It is the one scientifically accurate remedy fitted by its composition to thoroughly purify the blood and dispel that exhausted feeling and get rid of skin diseases, headaches and fits of depression with which children with weak, nervous systems, as well as grown people, are afflicted.

## Growth of Pythianism.

The growth of Pythianism in the Northwest has been remarkable during the past four years. The four states of Illinois, Wisconsin, Minnesota and Iowa have over 100,000 members, or about one-fifth of the entire membership of the order. The showing in Kansas is not as bright as it might be. The loss since the report in membership of the order, is said to be 2,087. The same condition of things exists in Pennsylvania. The loss in that state is even greater, the loss being about 4,166. There is no good reason for this state of things, save a lack of energy and enthusiasm on the part of the rank and file. The states which the greatest gains were made during the past year are: Ohio, 3,959; Illinois, 3,317; Indiana, 2,757; Iowa, 2,265; Massachusetts, 1,194; Missouri, 1,612; North Carolina, 1,404; Maine, 1,314; Texas, 1,219.

## Provisions of Dog Tax Law.

After the new dog law goes into effect the township assessor must collect the dog tax and give receipts for the same at the time he makes assessment of personal property each year. It is made a misdemeanor, punishable by a fine of \$10 to keep or harbor a dog on which the tax has not been paid. A person keeping a dog after he is known to have killed or worried live stock may be fined \$50. A dog remaining away from home may be killed.

## THE INDIANAPOLIS NEWS

A Short History of Indiana's Greatest Newspaper.

Whatever excels interests. The loftiest mountain, the longest river, the largest city. Yet keener interest attaches to the greatest achievements of men—in oratory, statesmanship or war. The sharpest contest these days is between newspapers, demanding the greatest diversity of gifts, of knowledge and sagacity. In other fields the decision is doubtful, but in journalism the popular verdict is practically registered each day in the subscription list—a sort of Australian Ballot System. This test shows The Indianapolis News to have more bona fide readers than any other four Indiana Dailies combined. This makes good the above title head. The whole State may indulge pride in another point scored by The News: it is conceded to have more circulation proportioned to population than any other American Daily. Whether this signifies greater enterprise in The News or a more intelligent reading people, or both is a question. No phenomenon exists without its adequate cause. The News itself gives two main reasons as follows:

(1) When The News began, twenty-eight years ago, every paper had its political alliance, slavishly espousing one party with its principles and candidates against all others, looking to that party in turn for support and patronage; the highest ambition was the ownership of its party in the county or neighborhood. The News believed that such relationship not only biased the editorial pen, but unconsciously, if not consciously, colored the news columns, leading to the magnifying of what tended to help, and minimizing or suppressing what hurt the party. The News, therefore, swung loose from all entanglements and blazed a new way—neutrality, independence, not neutrality, which means the opposite; criticism men or measures of either party; always looking for a choice even between evils; distinguished between the freedom and slavery of independence; not hesitating to ally itself with either party in turn to bring a reform or break down abuse. While this course meant no political patronage and usually the anger of both parties at the same time, it found marvelous response in the universal American instinct of independent thought. It compelled respect and opened the door for readers in the ranks of all parties. This meant preponderance of circulation, which, in turn, meant preponderance of advertising. (2) The News was the first 2-cent paper in the West, all others 5 cents. It was the first to be sold at 1 cent a copy, and at such a price, it is now 25 per cent larger, taking the six week day issue together, than any Indiana daily, and sells at 10 cents a week delivered anywhere by carrier or mail, prepaid, against 12 cents a week, which is charged for the next best Indiana daily. No other paper in the State, at whatever price, pretends to furnish equal quantity and scope of intelligence—a volume of telegraphic news and correspondence from all quarters of the globe; market quotations for the farmer and business man; over-seeing from government to twenty-four hours of all morning papers; abstracts of Supreme Court decisions for the legal profession; something for everybody—in amount to stagger credulity.

It is estimated that not less than 150,000 people read The News every day. It maintains for the people cheap rate "Wanted" columns for advertising, by which millions of property changes hands annually without the owners ever seeing each other. Almost all have something to sell, trade or rent: a horse, cow, wagon, farm, mill or store, etc., etc. Express it in as few words as possible, then count every word and send as many cents as there are words to The News and see the result. Or if preferred write out what you want and they will phrase the advertisement for you and return with the price.

## John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

HOUSE AND SENATE

Rules Adopted Fixing the Limit of the Tariff Debate.

PASSED APPROPRIATION BILLS.

Partisan Feeling Ran High—New Leader of the Minority Makes His Debut—Holman and Bland—Indiana Appointments. Short Session of the Senate—Cabinet Discussing Cuban Matters.

WASHINGTON, March 20.—Yesterday was a stormy day in the house of representatives. The republicans before adjournment secured the adoption of a special order fixing the limits of the tariff debate and two of the regular appropriation bills, which failed to become laws at the last session, were passed and sent to the senate. The other two will be passed before today's adjournment, so that, as Mr. Cannon remarked, all the driftwood of the last congress will be swept away before the struggle over the tariff begins. At times partisan feeling ran high and the hall echoed the cheers of the majority and the opposition. At the respective spokesmen made effective points. There were several squabbles among the Democratic leaders, which afforded much amusement to the majority. Both Mr. Bland, the silver champion, and Mr. Holman, "the old watchdog of the treasury," appeared in their old time roles.

Mr. Bailey of Texas, who made his debut as the leader of the minority, was favorably received by his side and announced it to be the policy of the minority not to delay the passage of the tariff bill. Mr. Dingley, the floor leader of the majority, recalled the fact that a dire prophecy of the result of the McKinley bill had been made by Secretary Carlisle, then the leader of the minority, on the occasion of the passage of the McKinley law. The people, he said, had listened to the silver song, but the experience during the last four years had made them wiser.

A special order was adopted limiting the tariff debate according to the plan heretofore outlined. The tariff bill was carried by a strict party vote, 179-132, all the opposition save Mr. Howard (Pop., Ala.) voting against it.

**Short Session of the Senate.**  
WASHINGTON, March 20.—The senate open session lasted 50 minutes yesterday and was given almost entirely to introduction of bills. Mr. Burrows of Michigan presented a petition from J. Edward Adkins of Delaware claiming the seat now occupied by Mr. Kenny. Governor Lord of Oregon sent a memorial on the Oregon senatorial situation, showing that the legislature had organized and that he had the right to appoint. Most of the day was spent in executive session.

NEW BILL REPORTED.

Chairman Dingley Gives the Tariff Measure to the House.

WASHINGTON, March 20.—Chairman Dingley of the ways and means committee yesterday presented in the house the report on the new tariff bill. The report follows largely the lines of the explanatory statement on the bill made by Mr. Dingley on Monday. The report says that a deficiency in revenue amounting to \$208,000,000 in four years justifies the convocation of congress to make a remedy. Although the government realized \$253,481,894 from the sale of bonds to redeem demand notes \$293,000,000 of the notes were paid out to meet the deficiency. The report says, "have been a potent cause of the distrust in business circles. At least \$16,000,000 of the \$196,000,000 in the treasury will be paid out before July 1st to meet the deficiency, and of the remainder at least \$150,000,000 is gold which ought to remain in the reserve, leaving but \$50,000,000 as a working balance, which is as small as safety admits. If the revenue had continued to rise after the opening of the year 1893, says the report, as it had before that time, the revenue would have been ample to meet all expenditures and the government would have been spared the humiliation of issuing bonds to meet deficiencies.

TWO INDIANS.

Samuel E. Kercheval and Albert W. Wishard Secure Appointments.  
WASHINGTON, March 20.—President McKinley today sent the following nominations to the senate:  
SAMUEL E. KERCHEVAL to be marshal of the United States, district of Indiana.  
ALBERT W. WISHARD, to be attorney of the United States, district of Indiana.  
Willis Vandever of Wyoming, to be assistant attorney general of the United States.

Will Make a Minority Report.

WASHINGTON, March 20.—The Democratic members of the ways and means committee held a conference last night on the question of preparing the minority report on the tariff bill. After a discussion in which there was much difference of opinion concerning the policy of cotton, wool and sugar, Mr. Bailey of Texas was authorized to make the report.

Cabinet Discussing Cuban Filibusters.

WASHINGTON, March 20.—Among the matters discussed at yesterday's cabinet meeting was the question of suppressing the Cuban filibustering expeditions and particularly the case of the insurgents.

Would Not Kiss Him Goodnight.

DYCSBURG, Ky., March 20.—Jesse Garrett, one of the wealthiest young men in Livingston county, shot himself here because his sweetheart would not kiss him goodnight.

Shot Himself in a Coalhouse.

MARIETTA, O., March 20.—Allen Matthews locked himself in a coalhouse and shot himself through the head. Despondent from illness.

Burned to Death.

LATIMBERVILLE, O., March 20.—John Daly, an epileptic, fell in the fireplace and burned his head and shoulders so horribly that he died in a short time.

Settled Their Troubles.

ELWOOD, Ind., March 20.—The window-glass company and its employees settled their differences late yesterday and work was resumed today.

Fell Twenty Feet.

PLEASANT LAKE, Ind., March 20.—James Hegebaup, a painter, was suddenly stricken with heart disease while working on a 20-foot ladder, falling dead to the ground.

McKnight Secures Bondsman.

LOUISVILLE, March 20.—J. M. McKnight, president of the defunct German National bank, who has been in the custody of a United States marshal for a week, looking for bondsman, has finally secured them and has been released. The bond is for \$15,000.

Voted For Park Bonds.

LIMA, O., March 20.—The citizens of this city have voted to issue \$95,000 park bonds. The bonds will be issued for park purposes but in reality are for the purpose of securing the shops of the Lima Northern railroad.

Nothing, however, will be done in one matter until the president is more fully advised as to her status in the courts.

Accepted Lamoreaux's Resignation.

WASHINGTON, March 20.—The president has accepted the resignation of Silas W. Lamoreaux as commissioner of the general land office. It is quite probable that ex-Congressman Blinger Hermann of Oregon will be appointed to the vacancy.

What Bradstreet Says.

NEW YORK, March 20.—Bradstreet today says: Another week of irregular trade brings an element of disturbance in the outlook for a fight over the new tariff bill, and the disappointment among manufacturers of woolen goods, silks, cutlery and other lines at various tariff schedules. Spring trade in jobbing lines is over, collections are slow, and at many points there is no change in demand or supply, except a request for cheaper grades of goods. The demand for cotton goods is disappointing, and manufacturers have moved some lines only at concessions in price. Iron and steel industries appear less likely to expand in the near future.

Cyclone in Mississippi.

UTICA, Miss., March 20.—A cyclone swooped down on Utica yesterday. Several cabins were demolished and fences and trees blown down. J. O. Hill, a farmer, was killed and his wife injured. No further loss of life is reported.

Riddled With Bullets.

SCOTTSDALE, Ala., March 20.—Yesterday a mob of 100 men broke into the county jail and riddled John Smith, a negro, with bullets. Smith was charged with attempting to assault a white woman.

MISSISSIPPI RIVER.

Father of Waters Continues to Rise and Spreads Desolation on Every Hand.  
MEMPHIS, March 20.—There is no cessation in the rise of the river here, and the gauge registers 37 feet and is spreading desolation on every hand.

The relief fund for the flood sufferers has been materially increased by gifts from individuals and from firms out of Memphis. This assistance is greatly needed in view of the new arrivals which the rescue steamers bring in at every trip. The gloomiest feature of the distressing conditions is the fact that there is little or no hope of the abatement of the high water within the near future because of floods reported in the upper valleys.

There is very reliable information to the effect that at Modoc, Avenue, Hughes and other points below Helena, the water has gone over the levees and the levees being in such a mushy condition from the rains, it is not thought possible to protect the levee much longer from the ever rising flood. The people living behind the levees in the localities mentioned are already fleeing for their lives. The hundreds of men who had been at work watching the levees have about all been taken away and the levee will be utilized in saving the lives of other people.

FATHER'S CRIME.

Crushes the Heads of His Two Baby Boys in a Fit of Rage.  
HARLEM, Ga., March 20.—Wright Smith, a one-legged confederate veteran, went to Thomson, drew his pension and went home. He asked his three children to go with him to feed some hogs. For some reason his oldest, a girl of about 8, refused to go. He carried the two youngest, both boys, aged 2 and 4, to a cottonhouse, where he crushed their brains out with his crutch and then sent a ball through his own. No cause has been assigned. He was not a drinking man.

Pingree Ousted.

LANSING, Mich., March 20.—Governor Pingree is ousted from the office of mayor of Detroit. Such is the mandate of the Michigan supreme court, which orders a special election for mayor April 5. The decision was unanimous.

Weather.

Indiana and Illinois—Local showers and cooler.  
Ohio—Rain, followed by fair weather in southern portions; cooler tonight.

Killed His Brother-in-Law.

LITTLETON, Ky., March 20.—Thomas Simpson and James Riley quarreled and Simpson fired a load of buckshot into Riley's head and body. They were brothers-in-law.

New Kind of Motor.

VALPARAISO, Ind., March 20.—George Kitchner, a piano tuner, has invented a motor which runs without steam, electricity or other force. It is constructed of levers, weights and springs.

Would Not Kiss Him Goodnight.

DYCSBURG, Ky., March 20.—Jesse Garrett, one of the wealthiest young men in Livingston county, shot himself here because his sweetheart would not kiss him goodnight.

Shot Himself in a Coalhouse.

MARIETTA, O., March 20.—Allen Matthews locked himself in a coalhouse and shot himself through the head. Despondent from illness.

Interesting Indiana, Ohio and Kentucky News.

Jury Thinks Mrs. Vanhoorbeke Died of Pneumonia.

ANDERSON, Ind., March 20.—Barney Vanhoorbeke, who has been on trial for the past two weeks for the murder of his wife, was yesterday acquitted, the jury believing that Mrs. Vanhoorbeke died of pneumonia.

INVESTIGATING MR. THOMPSON.

Attorney General Ketcham and State Auditor Daily Begin Their Work.

INDIANAPOLIS, March 20.—Attorney General Ketcham and State Auditor Daily began investigating the state statistician's office today. Among the witnesses are John Worrell, who made the charge of misappropriation of state funds against Mr. Thompson; Representative Smith, chairman of the house ways and means committee; Senator Self of the senate finance committee and the field agents of the state statistician. Mr. Thompson refuses to make a statement.

He Comes Out of the Hypnotic State in a Vicious Mood—Placed in Irons.

MUNCIE, Ind., March 20.—Howard Jones, the epileptic who was hypnotized by Justus S. Wulff, has come out of his stupor and has no more epileptic attacks, but has developed a vicious temper, when before he was passive. He blacked both of Turney Moore's eyes and put Wulff to flight, who again tried to hypnotize him. It became necessary to put him in irons to prevent a murderous attack on other prisoners.

Freight Train Wrecked.

WHITELAND, Ind., March 20.—The south-bound local freight on the Jeffersonville, Madison and Indianapolis, while shunting cars here, was run into by an extra freight, also going south. There was a heavy fog and signals could not be seen. Three cars of the local were demolished and the extra freight engine badly damaged. No one hurt.

Want the Books Examined.

ANGOLA, Ind., March 20.—A petition is being circulated here asking the commissioners to employ an expert to examine the county records. Stueben adjoints DeKalb county and since the disclosures there the taxpayers think it would be wise to ascertain where their money is going.

Joseph Uhl Dead.

LOGANSPOUT, Ind., March 20.—Joseph Uhl, a prominent citizen and business man of this city, died here yesterday. Mr. Uhl was probably the best known miller in the state, having been actively engaged in the business for 40 years. He was six years old as a miller. He was 80 years old and leaves a wife and estate.

Money isn't worth the sacrifice that many men make to get it.

Business men and laboring men overdo themselves in the effort to become rich. They do not take sufficient time from business and work to care for their health. Men who overwork and neglect their health, fatter themselves that they are spurred on by a laudable ambition. They do not realize that they are also spurred on by death, and that it is the weight of death that spoils their working. When a business man or other worker feels out of sorts and realizes that he is overworking he should slow up a little. Then if he will have resort to the right remedy he will soon be in fine fettle and able to do any reasonable amount of work or business. Dr. Pierce's Golden Medical Discovery is the best of all known medicines for hard work, and it restores the brain, strengthens the muscles, restores the appetite, and builds new tissues in every part of the body. It cures 99 per cent. of all cases of consumption and other wasting diseases. Honest druggists will not offer a substitute.

Mrs. Rebecca F. Gardner, of Grafton, York Co., Va., writes: "I was so sick with dyspepsia that I could not eat anything for over four months. I had to starve myself as nothing would stay on my stomach. I tried almost everything that people would tell me about and nothing did me any good. I was so badly off I could not even eat a cracker but it would nearly kill me. I thought I was going to die. I weighed only eighty pounds. I took two bottles of your Golden Medical Discovery and, thank God, and your medicine I am as well as I ever was, and now weigh 125 pounds. I tell everybody about my cure and all those who lived close to me think it miraculous that I am looking so well."

FOR CONSTIPATION.

No remedy in the world is equal to Dr. Pierce's Pleasant Pellets, which act naturally and mildly, but never fail to effect a complete and permanent cure. There is no substitute for these "Pellets," no matter what any druggist may say. They regulate and invigorate the Stomach, Liver and Bowels.

THREE FRIENDS OFF FOR CUBA.

Bold Filibuster Gives the Revenue Officers the Slip.

TAMPA, Fla., March 20.—Thirty-five Cubans left here last night for Punta Gorda where they found the steamer Three Friends waiting for them, and they sailed for Cuba at midnight.

The revenue cutter Forward, stationed here to look out for filibusters, was ordered Wednesday to Key West to intercept the Three Friends. Thursday afternoon the Three Friends sailed into Tampa bay and rode at anchor unnoticed until night, when it put into Hillsboro bay and slowly steamed up to Tampa. Captain Lewis, her master, had spent the day here, but left at night for Punta Gorda. Word was carried from him to the boat and it sailed away for last night's rendezvous. The Three Friends took a large load of ammunition, dynamite, rifles and a few heavy guns.

Texas Tornado.

NEW ORLEANS, March 20.—Dispatches received here report a tornado swept over the northern portion of Dallas county, Tex. Worth, Denton and Waxahatchie, Fort, unroofing houses, uprooting trees and leveling fences.

## Dr. Miles' Nervine Triumphs.

Excessive Nervousness from Childhood.  
La Grippe Brings on Heart Weakness.

REV. R. P. SEAREY, pastor M. B. church, Buchanan, Ga., writes Dec. 10, 1897: "In childhood I was afflicted with excessive nervousness, which, however, developed into St. Vitus dance, I am now recovered, but as college it gradually grew worse. Close study aggravated the trouble; any unusual exertion caused trembling all over. In 1891 I had a severe attack of La Grippe which brought on heart weakness. I had been almost constantly under treatment for nervous troubles, and changed climates frequently without avail. Last February I began taking Dr. Miles' Restorative Nervine and Nerve and Brain Pills and since then I have been studying more and working harder than for years and the good effects that have resulted seem to be permanent." Dr. Miles' Restorative Nervine is sold by all druggists under a positive guarantee, first bottle free, or money refunded. Book on Heart and Nervousness free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

CHURCH NOTES.  
The A. M. E. church will hold a se-  
ries of meetings commencing tomorrow  
and continuing every evening next  
week. Sunday, March 28 will be the  
quarterly meeting at which time the  
presiding elder will be present.  
Honored.  
R. W. Irwin has been appointed aid  
de camp with the rank of colonel and  
August Eisner assistant inspector  
general with the rank of colonel on the  
staff of the national commanders of the  
Union Veteran Legion.  
Few people know that all plants con-  
tain digestive principles. They cannot  
absorb their food until it is digested  
any more than animals can. The  
Mount Shakers have learned the art of  
extracting and utilizing these digestive  
principles, and it is for this reason that  
their Shaker Digestive Cordial is meet-  
ing with such phenomenal success in  
the treatment of dyspepsia. The Shaker  
Digestive Cordial not only contains  
food already digested, but it also con-  
tains digestive principles which aid the  
digestion of other foods that may be  
eaten with it. A single 10 cent sample  
bottle will be sufficient to demonstrate  
its value, and we suggest that every  
suffering dyspeptic make a trial of it.  
Any druggist can supply it.  
Laxol is the best medicine for chil-  
dren. Doctors recommend it place of  
Castor Oil.  
Bilious Colic.  
Persons who are subject to attacks of  
bilious colic will be pleased to know  
that prompt relief may be had by tak-  
ing Chamberlain's Colic, Cholera and  
Diarrhoea Remedy, and if taken as soon  
as the first indication of the disease ap-  
pears, it will prevent the attack. For  
sale by C. W. Milhous.  
DON'T.  
The United States postal department  
has sent Postmaster Price quite a bunch  
of circulars reading as follows:  
"Don't mail your letter for valuable  
package without having your own ad-  
dress written or printed upon the upper  
left hand corner.  
"This will insure its return to you if  
not delivered, and will prevent its being  
sent to and opened at the Dead Letter  
office."  
The REPUBLICAN will furnish you en-  
velopes with your return notice printed  
on them cheaper than you buy the en-  
velopes in small quantities. Call at the  
office and see samples.

Death of Mrs. Joseph Kling.  
People of this city were shocked to  
hear of the death of Mrs. Joseph Kling  
who died at 8:30 o'clock Saturday  
morning, March 20, 1897, with pneu-  
monia, after an illness of only five days.  
She was attacked Monday morning  
with a severe chill followed by the  
disease which resulted in her death.  
Mrs. Kling was born in Bath county,  
Ky., December 33, 1830. When only  
four years of age she came to Jennings  
county with her parents. August 13,  
1858, she and Joseph Kling were  
united in marriage in Seymour which  
has since been their home. Mrs. Kling  
was a womanly woman, an affectionate  
wife and mother and held in high  
esteem. A husband and one daughter,  
Mrs. Col. H. B. Dunbar, of Cincinnati,  
and one sister, Mrs. Sarah Gonglon, of  
Seymour, survive who have the sincere  
sympathy of their many friends. The  
remains will be taken to Cincinnati for  
interment.  
Death of George Able.  
We are called upon to announce the  
death of George Able who breathed his  
last at 6:40 o'clock Saturday morning,  
March 20, 1897, aged twenty-nine years,  
eleven months and fifteen days.  
George Able was born near Jonesville,  
April 6, 1867, and he came to Seymour  
when quite young with his parents and  
has resided here since. For some time  
he was a clerk in the postoffice under  
the administration of Philip Wilhelm  
and he was one of the most skillful that  
was ever employed there. Some eight  
years ago he was appointed mail mes-  
senger on the B. & O. and did his every  
duty well. About a year ago he lost  
his health with catarrhal trouble caus-  
ing him to lose his hearing. His con-  
dition continued to decline till death  
came to his relief. Mr. Able was one  
of our most worthy young men. His  
parents, four brothers and four sisters  
survive and have the tenderest sym-  
pathy of their large circle of friends. The  
funeral will take place Monday fore-  
noon, March 22, 1897, at 10 o'clock from  
the residence Rev. Thos. Jones offici-  
ating.  
Deafness Cannot Be Cured.  
By local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure deafness  
and that is by constitutional remedies.  
Deafness is caused by an inflamed con-  
dition of the mucous lining of the Eus-  
tachian Tube. When the tube gets in-  
flamed you have a rumbling sound or  
imperfect hearing, and when it is entire-  
ly closed deafness is the result and  
unless the inflammation can be taken  
out, and this tube restored to its normal  
condition or hearing will be destroyed  
forever, nine cases out of ten are caused  
by catarrh, which is nothing but an in-  
flamed condition of the mucous surfaces.  
We will give One Hundred Dollars  
for any case of deafness caused by cat-  
arrh that cannot be cured by Hall's  
Catarrh Cure. Send for circulars, free.

POLITICAL BRIEVITIES.  
Albert W. Wishard, of Indianapolis,  
has been appointed United States at-  
torney for the district of Indiana.  
Samuel E. Kercheval, of Rockport,  
has been appointed United States  
Marshal for the district of Indiana.  
Governor Mount has gone over to his  
Montgomery county farm for a few  
days' rest.

Success Division.  
Lieutenant Colonel W. A. Lough-  
miller was here last night to inspect  
Success Division, U. R. K. of P. This  
was done in the Knights of Pythias hall,  
the division going through the different  
movements in a manner to bring words  
of praise from the inspecting officer.  
After this performance was over the  
boys sat down to an elegant banquet in  
Armory Hall. The occasion was an  
enjoyable one to all the boys.  
AFFLIOTED.  
Mrs. Herman F. Schaefer, of St.  
Louis Crossing, who has relatives and  
friends in Seymour and Jonesville has  
been confined to her bed for three  
months with lung trouble and her re-  
covery may be doubtful.

Auction Sale.  
The Auction sale of the Kay Jewelry stock  
was well attended last night and this afternoon.  
The sale is carried on in a fair and square manner  
and the people purchasing are getting some rare  
bargains. G. W. Matquart & Sons, who have  
come into possession of the stock, are thoroughly  
responsible and can not afford to misrepresent.  
They mean to dispose of this stock of goods  
which came into their possession through at-  
tachment proceedings in a legitimate manner.  
In doing so they will give the people of Seymour  
an opportunity to purchase jewelry, watches,  
clocks and silverware of first class quality at  
very low prices.
